Course grades will be determined by three midterm exams worth 25 points each and a comprehensive final exam worth 25 points—a total of 100 possible points. The final exam is mandatory, not optional. Exams will emphasize analytical and problem-solving skills—understanding rather than memorization— and will cover the assigned textbook chapters (see above) as well as any additional material presented in lectures and/or posted on Moodle. Recitation sessions closely resemble the exams in form, style, and substance. Please take the sessions seriously as doing so will significantly increase the chances for success in the course.

### COURSE GRADING SCALE

There are 100 points possible from the four exams; letter grades will be assigned according to the following scale:

A+ =	98.0 points and above,	C+ = 76.0 to 78.9 points,
A =	92.0 to 97.9 points,	C = 72.0  to  75.9  points,

### **MISSED EXAM POLICY**

#### MIDTERM EXAMS

University policy PS-22 (posted on the course Moodle site) governs student absence from class. For an absence to be considered excused, all three of the following conditions *must* be met:

- The course (*NOT recitation*) instructor *must be* notified of the student's absence in writing via email no later than 5:00 PM Central Time on the day of the missed exam. This condition follows Section 3, Part A of PS-22: "The student is responsible for providing reasonable prior notification—at as early a date as possible."
- **2)** The excuse is an officially approved, fully documented, and independently verifiable one. The definition of "officially approved" can be found in Section 2 of PS-22.
- 3) Independently verifiable documentation *must be* presented to the course (*NOT recitation*) instructor via email no later than five (5) school days after the missed exam. This condition also follows Section 3, Part A of PS-22: "The student is responsible for providing ...appropriate documentation of the reason for the absence."

If any of the three conditions is not met, an absence will be considered unexcused and will result in a grade of zero for the exam.

## **MISSED EXAM POLICY (CONTINUED)**

#### **FINAL EXAMS**

University policy regarding missed final exams is stated in the *LSU General Catalog*: "A student who, because of illness or other valid reason, is absent from any final examination may take a special examination only with authorization of the dean of the student's college."

## MAKE-UP POLICY FOR EXCUSED ABSENCES

The make-up date for ALL mid-term exams that are missed for EXCUSED reasons (i.e., ones that meet the three conditions listed in the section above) is Monday, 02 May 2022—ABSOLUTELY NO EXCEPTIONS. Make-up exams will be administered in the physical classroom (i.e., Dodson Auditorium) during the regularly scheduled lecture time.

If a student with an excused absence from a mid-term exam does not, for any reason, sit for the scheduled make-up exam, the points from the missed exam will be added to the value of the final exam to compensate. [For example, suppose a student misses the first exam and the absence is deemed excused. Suppose further that the student does not sit for the make-up exam on Monday, 02 May. In this situation, the student's final exam will be worth 50 points: 25 points for the value of the final and 25 points for the value of the first exam.]

# EXTRA CREDIT POLICY

No extra credit work is possible—ABSOLUTELY NO EXCEPTIONS.

### **INTEGRATIVE LEARNING CORE (ILC) STATEMENT**

Integrative learning allows students to make simple connections among ideas and experiences and across disciplines and perspectives. The LSU Integrative Learning Core (ILC) curriculum is designed to develop student abilities to transfer their learning to new situations, and demonstrate a sense of self as a learner. A fundamental goal of the ILC is to foster students' practical and intellectual capacities associated with integrative learning in preparation for high competence and functionality in their post-baccalaureate careers. This course fulfills the BOR Area of **Social/Behavioral Science** and provides students experience with the ILC proficiency of **Quantitative and Formal Reasoning**.

### EMAIL POLICY

Students' initial point of contact for all lecture and exam issues—including grades—is the course (*NOT recitation*) instructor. Students' initial point of contact for all other issues, including questions about material covered in the recitation sessions, is the recitation instructor.

**Only emails that are signed with your full name will be answered.** Please put the course name, number, and section (e.g., ECON 2030-013) in the subject line of your email to ensure that it will be read and responded to in a timely manner. **Do NOT, under any circumstance, include your LSUID in any electronic correspondence.** 

## **CLASSROOM COMPORTMENT**

#### GENERAL

"It is the University's intent to provide in all teaching facilities an environment conducive to study and learning.... Any situation or deportment which disrupts the learning process, as determined by the instructor, is prohibited." (University Policy PS-29) Specifically, you are expected to come to class *on time* and be actively engaged in the proceedings. Habitual tardiness and early departure will not be tolerated. Given the size of the class, extraneous conversations will also not be tolerated as they detract from your colleagues' ability to follow class proceedings. Please be courteous and respectful to your colleagues and the classroom setting.

## FACE COVERINGS (i.e., "MASKS")

The Presidential Directive on COVID-19 Safety (effective 01 January 2022; linked on course Moodle page) states, "Masks will be required indoors and within 50 feet of building entrances/exits where congregating occurs....Masks should completely cover the nose and mouth." This Directive will be *strictly* enforced in all lecture and recitation meetings. The Presidential Directive also states, "Students who fail to comply with this directive will be referred to the Office of Student Advocacy & Accountability for violating the [LSU] Code of Student of Conduct (10.2.I)."

## ACADEMIC MISCONDUCT

"High standards of academic integrity are crucial for the University to fulfill its educational mission. To uphold these standards, procedures have been established to address academic misconduct." (*LSU Code of Student Conduct*, section 10.1.) Cases of academic misconduct, as defined in section 10.1 of the *LSU Code of Student Conduct*, which occur in this course will be prosecuted vigorously and fully. For a complete list of activities that constitute academic and non-academic misconduct, and the possible sanctions imposed on students found responsible of misconduct, please refer to the *Code*: https://www.lsu.edu/saa/students/codeofconduct.php.

### SPECIAL NEEDS

The University abides by The Americans with Disabilities Act (ADA) and the Rehabilitation Act of 1973, as amended, section 504. Students who are registered with DS and who have received an accommodation letter from that office should present the course (*NOT* recitation) instructor with that documentation *via email* and in a timely manner to ensure that the full range of accommodations is provided.

Specifically, DS instructs registered students to "give faculty a copy of the Accommodation Letter as early during the semester as possible but no later than three (3) business days prior to the examination date." DS policy also states "Accommodations are not retroactive. Accommodations for otherwise qualified students with disabilities do not take effect until you have completed registration with DS and have provided the faculty member with your Semester Accommodation Letter."

### **EXPECTATIONS**

LSU's general policy states that for each credit hour, students should plan to spend at least two hours working on course-related activities outside of the physical classroom. As this is a three-credit hour course, students should expect to spend a minimum of six hours per week working on assignments for this course. For more information, please see: <a href="http://catalog.lsu.edu/content.php?catoid=12&navoid=822">http://catalog.lsu.edu/content.php?catoid=12&navoid=822</a>.

# NOTES AND HINTS FOR ACADEMIC SUCCESS

1) Review the menus and read the assigned textbook material before attending lectures.

2) Be actively engaged in the lectures: attend all lectures, take quality notes, and ask questions.

3) Work the recitation problems *on your own* before attending the sessions. (i.e., use the questions as a self-test).

4) Attend every recitation session and take quality notes.

5) Change the recitation problems around (e.g., if the question said "increase," change it to "decrease") and rework the problems on your own by writing them out. Do as many iterations of the questions as you can think of.

6) Make frequent use of office hours, both those of the course instructor and the recitation instructors. We are always willing to help and happy to have people stop by.
